

Resolution Life

Joinery

Project
Commercial

Location
45 Queen Street
Auckland CBD

Client
Cachet

Value
\$78k

For Resolution Life's Auckland CBD office, Haydn & Rollett Joinery worked closely with Cachet's designers to create a comprehensive joinery package tailored to the client's functional requirements. The scope included kitchens, credenza and storage units, integrated planter units, upholstered banquette seating and workstations, finished in Melteca and high-pressure laminate.

All joinery was prefabricated in the workshop before being delivered and installed onsite. The completed package provides a cohesive and practical foundation for the contemporary workplace, continuing a successful three-year relationship with Cachet.
